Multi-level, Math and Science Online Simulations: ExploreLearning [Gizmos](#)®

Teacher Tools, Online Blended Reading Platform: Learning A-Z [Raz-Plus ELL Edition](#)

“It’s an honor to be recognized this year with 11 BESSIE Awards,” said John Campbell, Chief Executive Officer of Cambium Learning Group. “We strive to offer high-quality learning technologies that make a positive difference in the lives of teachers and students every day. In addition to teachers confirming that our solutions work in the classroom, these awards further validate our mission.”

The 25th annual [BESSIE Awards](#) are sponsored by [The ComputED Gazette](#), a leading online educational resource created by educators who have provided the finest computer education to children and adults for more than 20 years. The awards target innovative and content-rich programs and websites that provide parents and teachers with the technology to foster educational excellence. Winners are selected from titles submitted by publishers worldwide.

About Cambium Learning Group

Cambium Learning® Group is an award-winning educational technology solutions leader dedicated to helping all students reach their potential through individualized and differentiated instruction. Using a research-based, personalized approach, Cambium Learning Group delivers SaaS resources and instructional products that engage students and support teachers in fun, positive, safe and scalable environments. These solutions are provided through Learning A-Z® (online differentiated instruction for elementary school reading, writing and science), ExploreLearning® (online interactive math and science solutions), Voyager Sopris Learning® (blended solutions that accelerate struggling learners to achieve in literacy and math and professional development for teachers), and VKidz Learning (online comprehensive homeschool education and programs for literacy and science). We believe that every student has unlimited potential; that teachers matter; and that data, instruction, and practice are the keys to success in the classroom and beyond.
